TILTING DEVICES

The wide array of Engel-Gematex tilting devices is based on well-thought-out system that has been successfully tested in real life operations. Our tilting devices enable easy handling of your grid containers and/or laundry trolleys and replace hard and tedious work of the operators.

SYSTEM FOR AUTOMATIC EMPTYING OF CONTAINERS OR LINEN CART:

- in a sorting station
- into a processing machine
- in a conveyor system
- for direct loading of the washing tunnel on the dirty side
- or e.g. for loading dryers on the clean side

The dimensions and technical specifications can be adjusted according to the customer requirements.

From simple stand-alone tilting devices for trolleys to complex lifting - tilting devices for various grid containers. The integration of further systems such as sorting stations and loading stations is possible at any time.

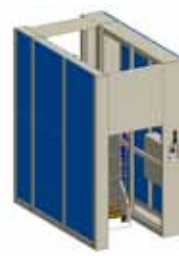

We manufacture tilting devices specifically tailor-made to your conditions and design.
